TECHNICAL SKILLS

Manual Testing

- SDLC, STLC, Agile
- Functional, Regression, Smoke
- Integration & System Testing
- Defect Lifecycle, BVA, Test Cases

Automation

- Selenium WebDriver, TestNG
- XPath, CSS, ID, Waits **Programming**
- Core Java, OOP Concepts

Tools & Database

- Excel, Opkey, Jira
- SQL

Currently Learning

- Playwright

EDUCATION

MBA (Pursuing) — 2028
Makhanlal Chaturvedi University
BCA — 2025
Makhanlal Chaturvedi University
XII — 2022 | X — 2020
Kendriya Vidyalaya

CERTIFICATIONS

- Core Java Certification — RICR Bhopal
- Software Engineering Job Simulation — Accenture Nordics

SOFT SKILLS

- Attention to Detail
- Problem Solving
- Time Management
- Team Collaboration
- Adaptability

PRIYANJAL MOURYA

QA ENGINEER • MANUAL & AUTOMATION TESTING

CAREER OBJECTIVE

QA Engineer with 4+ months of professional experience in Manual Testing and Test Automation. Skilled in Functional, Regression, Smoke, Integration and System Testing, Defect Management, Selenium WebDriver, TestNG, Core Java, SQL and Opkey. Experienced in validating business workflows and executing keyword-driven automation. Currently expanding automation skills by learning Playwright. Seeking a QA Engineer opportunity to contribute to software quality while growing expertise in test automation.

PROFESSIONAL EXPERIENCE

Automation Test Engineer | Opkey

February 2026 – June 2026

- Validated business workflows using keyword-driven automation.
- Performed Functional, Smoke, Regression and Retesting.
- Logged and verified defects during testing cycles.
- Worked on Time & Absence and Time Tracking modules.
- Participated in sprint testing and defect discussions.
- Gained practical experience in application testing and business workflow automation.

PROJECTS

Manual Testing Project

- Prepared test scenarios and executed functional, regression and smoke testing.
- Reported defects and verified fixes.
- Created test cases for Login, Search, Cart and Checkout modules.

Sauce Demo Automation

- Automated Login, Product Selection, Cart and Checkout workflows.
- Developed test scripts using Selenium WebDriver, Java and TestNG.
- Implemented XPath and CSS locators.
- Used Assertions for validation.
- Executed cross-browser testing on Chrome.

ACHIEVEMENTS

- Successfully completed Software Testing Training at QSpiders.
- Prepared and executed 500+ test scenarios across different application modules during Software Testing Training at QSpiders.
- Completed Certification in Accenture Nordics Software Engineering Job Simulation.
- Participated in college-level technical competitions.
- Represented school in cluster-level folk dance competition.

CORE COMPETENCIES

Manual Testing	Test Automation	Selenium WebDriver
Core Java	SQL	Jira
Opkey	Agile/Scrum	Regression Testing
Defect Management	TestNG	Smoke Testing
